CHADWICK'S CASE.

The Woman Has Made Up Her Mind to Go to Cleveland and Stand Trial.

ANOTHER NIGHT IN THE TOMBS.

Telegram Was Received From Judge Albaugh Asking Her Not to Return to Cleveland Just Yet.

It is Reported the Securities Held By Irl Reynolds For Mrs. Chadwick Were Examined and Found To Be Valueless.

New York, Dec. 10.—After a day full of disagreement with her counsel as to whether she should waive examination and go to Cleveland, Mrs. Chadwick finally consented to remain another night in the Tombs, but expressed the hope that she might leave there Saturday.

Mrs. Chadwick had made up her mind to ignore the advice of her local counsel, Messrs. Carpenter and Powers, and go to Cleveland to stand trial there, when late in the afternoon she received a telegram from her Cleveland counsel, Judge Albaugh, asking her not to return to Cleveland just yet. This telegram caused her to remain over night.

Lawyer Carpenter then notified Marshal Henkel of her intention and the marshal and United States Commissioner Shields announced that they would not remain at their offices after the usual closing hour on her account as they did Thursday night.

Lawyers Carpenter and Powers had a conference after leaving Mrs. Chadwick and Mr. Carpenter said that nothing further would be done for the night.

Still Seeking Bail.

"Nothing will be done before noon," continued Mr. Carpenter. "I do not care to say whether we have given up the question of securing bail or not, but if you know anybody who is willing to go on her bond send him along. We would have obtained bail to-day were it not for the notoriety attached to the case."

Mr. Carpenter declined to discuss the alleged Carnegie notes or to say positively whether Mrs. Chadwick would waive examination Saturday or not.

He also declined to discuss the report from Cleveland to the effect that the securities which have been held by Irl Reynolds for Mrs. Chadwick were valueless. Mr. Carpenter was asked to make a statement regarding the nature of the securities in view of the fact that the report said that while their face value was \$5,000,000, the actual value was nothing. He was also asked to explain the method by which his client had induced Mr. Reynolds and others to accept the alleged worthless papers at their face value. His only reply was, "I have absolutely nothing whatever to say in regard to the matter."

Mrs. Chadwick's Condition Improved. Mrs. Chadwick was led to her cell in the Tombs prison by an attendant about 4 o'clock. To the matron Mrs. Chadwick said:

"I am glad I am not going to Cleveland to-night. I am tired enough to sleep well, I think, even behind these awful bars. It has been an extremely trying day and I am thankful that it is over. I do not care to go through many more such ordeals."

In her cell Mrs. Chadwick ate a hearty supper. She had chopped beef, sprinkled with grated onion, coffee and oranges.

The matron said Mrs. Chadwick showed a marked improvement over her condition in the morning.

After eating Mrs. Chadwick lay on her cot and said it was the first peaceful moment she had had since her troubles in New York began.

Hearing in Cleveland Adjourned. Cleveland, O., Dec. 10.—After hearing two witnesses in the Chadwick case the grand jury adjourned Friday afternoon until Monday morning. The witnesses Friday were L. T. Whitney, a director, and A. B. Spear, cashier of the Citizens' National bank of Oberlin. At the end of the hearing Prosecutor Keeler said the testimony gave him jurisdiction in the alleged forgery case because the notes were negotiated in this county. Friday's hearing was brief because of the non-arrival of witnesses, the most important of which was C. T. Beckwith, president of the Citizens' National bank, who was unable to be present because of illness. Prosecutor Keeler hopes that he will be able to appear Monday. Another important witness expected Monday is Receiver Lyon, of the Oberlin bank.

Mme. Veuve, 15 years old in 1815, was a guest of honor the other day when the memorial to the French on the field of Waterloo was unveiled.

Louisville, Ky., Dec. 10.—It is said that Charles P. Mr. Dehler is in New York. W. H. Newman, president of the board, is also out of town. Mr. Dehler is said to have disagreed with his fellow commissioners as to the management.

THE MARCUM CASE.

Owing to Illness of Judge Hargis Trial Was Postponed Until Monday.

Winchester, Ky., Dec. 10.—As a result of the defense's motion Thursday for a continuance on account of the illness of Judge James Hargis, one of the defendants, Judge Benton Friday passed the \$100,000 Marcum damage case until Monday. All the jurors are farmers, and all are democrats except two. Nothing has been heard from the missing witnesses, Fields, Feltner and Cottongane, whom Mrs. Marcum alleges were bribed and enticed away.

INSURANCE DECISION.

A Certain Provision in a Life Policy Is Declared Void.

Frankfort, Ky., Dec. 10.—In affirming the judgment of the Campbell circuit court in the case of the Union Central Life Insurance Co. against Spinks, the Kentucky court of appeals Friday held that the provision in a policy of life insurance that no suit can be maintained unless instituted within one year from the death of the insured is in contravention of the public policy of this state, and is void.

Implicates a Policeman.

Lexington, Ky., Dec. 10.—Pearl Vandundy, the Louisville girl who has puzzled this city by reason of her escapades with the police, involving a number of unexplainable escapes from police headquarters, created another sensation Friday night upon being recaptured by making a confession implicating one of the police attaches in conniving at her escape.

TO INCREASE PAY.

Estimates For Diplomatic and Consular Service Forwarded to the Congress.

CONSULAR AGENT AT BULGARIA.

Provision For a Minister to Roumania and Servia and Another For Greece and Montenegro.

Buenos Ayres Is One of the Most Expensive, If Not the Most Expensive Capitals in the World To Live In.

Washington, Dec. 10.—In the estimate for the diplomatic and consular service forwarded to congress by Secretary Hay, through the treasury department, recommendations are made for increases in the salaries of a large number of officials in the service. It is recommended that the salary of the minister to Argentine be increased \$2,000, that of the minister resident to Liberia \$3,500, and that provision be made for a minister to Roumania and Servia and one for Greece and Montenegro and for a consular agent at Bulgaria. Increased salaries are recommended for the secretaries of legation to Turkey and Switzerland. A third secretary is proposed for the legation to Italy and Austria and new consulates at the following places at the salaries named: Alexandria, \$2,500; Belgrade, Servia, \$3,000; Bucharest, Roumania, \$3,000; Carlsbad, Austria, \$2,000; Sandakan, Brith, North Borneo, \$3,000, and a consulate general at Teheran, Persia, at \$3,000. An increased allowance of \$2,000 for bringing home criminals is asked, also \$50,000 for carrying on the work of delimiting the boundary line between the United States and Canada.

Minister to Argentine.

In recommending the increase for the minister to Argentine, Mr. Hay submits a letter written from Buenos Ayres by Mr. Barrett, while minister to that country, saying:

"After being here five days and pricing a hundred things from house rent down to a collar, I am convinced that this is one of the most expensive, if not the most expensive capitals in the world."

Houses that rent for \$250 a month in Washington, he said, are held at \$350 there. He quoted prices of a list of articles as obtained at a department store in Buenos Ayres, among which the prices of linen shirts are given at \$44 to \$66 gold per dozen. Mr. Barrett said he paid \$110 for a dozen that proved very inferior. Among other articles mentioned and prices were rubber boots, \$13 to \$35 gold, derby hats \$6.33, silk hats \$13.20, with other things in proportion. Increases were recommended in the salaries of a large number of consulates. Increases of \$20,000 in the aggregate in allowance for clerk hire is recommended for 39 consular offices.

IN THE HOUSE.

Legislative, Executive and Judicial Appropriation Bill Passed.

Washington, Dec. 10.—House.—The house Friday passed the legislative, executive and judicial appropriation bill practically as it came from the committee and adjourned until Monday. The civil service commission provisions disposed of, there was no long debate on any item Friday. Throughout the session the policy retrenchment held full sway and all attempts to increase salaries failed. The house passed a resolution to adjourn on December 21 until January 4, 1905, for the usual Christmas holiday. Adjourned until Monday.

WILL BE VIGOROUSLY PRESSED.

Enlargement of the Powers of Interstate Commerce Commission.

Washington, Dec. 10.—Enlargement of powers of the interstate commerce commission is one of the questions which will be pressed vigorously at the present session of congress. It can be said that in the mind of President Roosevelt no problem more important than this to all the people of the country is likely to engage the attention of congress this winter. In conference with members of both the senate and the house of representatives the president has emphasized the arguments he advanced in his message in favor of an extension of the powers of the interstate commerce commission.

The Defalcation Made Good.

San Francisco, Dec. 10.—Superintendent Frank Leach, of the San Francisco mint, has made good the defalcation of former Cashier Walter M. Dimmick by turning over his Oakland home to the surety company which was on Dimmick's bond for \$25,000.

ALLEGED FRAUD.

Henry Lennox, Wanted in Texas, Arrested at Plattsburg, N. Y.

Plattsburg, N. Y., Dec. 10.—Three representatives of the Woodmen of the World, a fraternal society of Omaha, Neb., and two detectives, left here Friday night for Cleburne, Tex., with a former private soldier who enlisted under the name of Henry Lennox, and who was honorably discharged here on November 12 last.

B. Wood Jewell, of Omaha, chairman of the sovereign finance committee of the Woodmen, who was one of the party, admitted that Lennox is not the soldier's real name.

"This man disappeared from his home in Cleburne, Tex., in 1901 under circumstances that led his friends to believe that he had been killed," said Mr. Jewell. "Within the last year a suit was brought by his wife against the Woodmen of the World on his certificate of membership in the sum of \$2,000. The association employed detectives and located the man. He willingly consented to return and demonstrate that he is not dead."

Lennox, as he was known here, had a good army record. He was born at New Liberty, Ky., in 1872, and is said to be of an influential family.

SHORT PAID LETTERS.

Many of Them Sent From the United States to Great Britain.

Washington, Dec. 10.—The British government has notified this country that a larger percentage of short paid letters reaching land from the United States than from any other country. Many of these letters are refused by the persons to whom they are addressed because of the amount of extra charges at destination, double the amount of the deficiency being required on delivery. The domestic postage rate is two cents an ounce, while the foreign postage is five cents for a half ounce. Carelessness in noting these rates is the cause of most of the trouble.

FOR INSUBORDINATION.

Money Order Clerk in New York Post Office Suspended.

New York, Dec. 10.—Waldo W. Valentine, a clerk in the money order department of the New York post office, has been suspended for insubordination. In consequence, the postmaster general, it is understood, will have a test case before him shortly, as the claim is made that Valentine's refusal to work more than eight hours a day was the basis for his suspension and the preferring of charges against him. Valentine, the post office officials say, does not come under the law which makes eight hours the day's work of a letter carrier.

NATURAL GAS FOR CINCINNATI.

The Survey Preparatory to Piping It To That City Begun.

Columbus, O., Dec. 10.—J. M. Garard, second vice president of the Ohio Fuel Supply Co., announced Friday that the company had begun a survey preparatory to piping natural gas from the Central Ohio fields to Cincinnati, a distance of 120 miles. Mr. Garard said all arrangements had been completed for carrying out the project, which will involve an expenditure of about \$2,000,000.

ARTILLERY FIGHT.

Gen. Oku Drove the Russians Out of the Lofty Island of Gushan.

THEIR CASUALTIES WERE 5,000.

The Manchovites Abandoned a Quantity of Supplies and Several Guns and Retired Eight Miles Northwest.

The Port Arthur Forces, With the Exception of Those Manning the Forts, Have Already Retreated to Laotie Mountain.

London, Dec. 10.—The Daily Telegraph's Tien-Tsin correspondent reports that Gen. Oku, after a three days' artillery engagement, drove the Russians on Sunday out of the small lofty island of Gushan, in the river, ten miles north of Liao Yang. The Russians, it is added, abandoned a quantity of supplies and several guns and retired to a position eight miles northwest from whence they heavily bombarded the Japanese, setting fire, on Tuesday, to kerosene storehouses and causing a great conflagration which did not cease till Wednesday. The Japanese are still gallantly holding the island with a handful of men. Their casualties, it is alleged, number 5,000.

According to the Morning Post's Shanghai dispatches the Port Arthur forces, with the exception of those manning the forts, have already retreated to Laotie mountain.

The Capture of Metre Hill.

Details continue to filter in of the capture of 203 Metre hill. The Daily Telegraph's correspondent before Port Arthur explains that the final capture was due to a strong and sustained Japanese feint against the eastern fortifications on the night of December 5, and the position of 203 Metre hill being an enfilading one, forced the Russians to evacuate without a contest, a parallel line of semi-permanent defenses extending eastward and irregularly over the slopes within a half mile north of Etse mountain.

The Japanese casualties at 203 Metre hill alone exceeded the total of the battle of Nanshan, according to the Daily Mail's Tokio dispatches. At 2 o'clock in the afternoon of November 29 a Tomoyasu detachment, with a battalion of infantry and a company of engineers, received orders that they must capture 203 Metre hill, while a Yosid detachment of the same strength had similar orders to capture Akasaka hill.

The Attackers Reinforced.

On November 30 it became necessary to reinforce the attackers with a detachment under Maj. Shizuta. During the operation the cold was so intense that many of the men were frost bitten, as it was necessary to pass the night without shelter. The Japanese, after the capture of 203 Metre hill, anticipated a terrible bombardment from the Russian forts and made preparations accordingly, but the Russians remained strangely quiet.

The same correspondent states that Russians at Port Arthur on December 7, resumed mine clearing operations, presumably to enable the torpedo boat destroyers to attempt to escape and join the Baltic squadron.

PREVENTION PAYS.

Our city and county authorities should make a note of the fact that small-pox is a most virulent form is operating with destructive activity along the old lines in the State of Illinois, the sanitary officers in the infected localities having failed to comply with the laws providing for preventive vaccination. The deaths are among the unvaccinated; the percentage of mortality is large (one death in every five cases) and the effect upon business is disastrous in the extreme. The great manufacturing concerns of Chicago will not employ unvaccinated men.

Let us be warned. The holiday season opens favorably; the harvests are abundant; the recent rains and snow are encouraging, and, if the sanitary officers will recognize the serious responsibility that rests upon them, the coming winter will be remembered more pleasantly than certain winters in the past.

To the Democrats in Congress, John Sharp Williams, the minority leader has outlined his plans for this session and the Fifty-ninth Congress. The course to be pursued by the Democrats has been a matter of much speculation. "Sit still in the boat" is Mr. Williams' watchword. He says the Democrats should do as little talking as possible and allow the Republicans to take the bit in their mouths and go where they please. He does say, however, that the minority should make its protest positively and firmly when proposed legislation is believed by Democrats to be fraught with danger.

Mr. Williams says if President Roosevelt and the tariff revisionists are sincere in wanting the tariff schedules revised, the Democrats will go in and help them do it. He also says that the Democrats in Congress should stand ready to support the President or the Republicans in the House in securing any legislation that approaches the principles advocated by the Democrats.

Mr. Williams wants no "fire-eating" oratory from the Democratic side and by this it is presumed there will be little or no discussion of the race question. If bitter attacks should be made on the President they will not be sanctioned by the majority of the Democrats in the House. There are many advocates of tariff revision who say openly that before the Fifty-ninth Congress ends the Democrats will be voting for the President's views and the "stand patters" will be against their own President.

There is no doubt that serious divisions now exist among the Republicans. The "say-nothing-and-saw-wood" policy of the Democrats will, it is believed, meet with the approval of the Democrats of the country. Little else can be done unless the minority becomes a coterie of scolds and objectors. This policy would get them nothing and their constituents less.

Merchants.

Isn't it about time you were placing your Christmas advertisement, if you expect to enjoy a good holiday trade? You have only two weeks and the DAILY and WEEKLY BULLETIN will bring you many a customer if you let the people know what you are handling.

RIVER IMPROVEMENTS.

Start on a Nine Foot Stage For the Ohio
Will Be Made During This
Session.

A dispatch from Washington says in the preparation of a river and harbor bill at this session the House Committee on Rivers and harbors will virtually commit itself absolutely to the nine-foot channel project for the Ohio river. Provision will not be made for the nine-foot stage the entire length, but enough will be done to foreshadow that from time to time the appropriations will be made with that ultimate end in view.

The committee will begin with the upper section of the river at Pittsburg and provide for the modification of locks and dams from No 1 to No. 6 or 7 inclusive, so that for a distance of thirty miles below Pittsburg a depth of nine feet will be secured. This system of locks and dams as at present projected furnishes an average depth of only six feet, but it is intended to change the plans of each so that the depth will be increased to nine feet. While each lock and dam costs nearly \$1,000,000 to complete, it is estimated that between \$375,000 and \$400,000 is all that will be required to effect the necessary alterations. Dam No. 1 at Davis Island, close to Pittsburg, is already completed; Dams Nos. 2, 3, 4 and 5 are half completed; Dam No. 6 is completed all except the lock gates, which are nearly done; Dam No. 7 has just been located. Providing for a nine-foot channel for a distance of thirty miles will be the first step toward deepening it further down stream, and it is confidently expected that the committee each year will make appropriations for that purpose. Between Pittsburg and Cincinnati thirty-seven locks and dams are projected, and when the first seven are reconstructed in the interest of the nine-foot stage the others will have to be rebuilt too.

Mrs. Michael Burke died at her home near Mayslick Friday at noon of a complication of diseases. She is survived by her husband and four children—Mrs. John Tamme of Paris, Ed. of Hamilton, O., and Miss Nellie and James of Mayslick. The funeral will occur Sunday morning at 10 o'clock from St. Rose of Lima Church, Mayslick; interment at Washington.

Lucy Harris of near Clyde's Landing, a most remarkable freak of nature, is dead. Although she lived to be seventeen years of age, she remained a baby and never weighed over twenty-five pounds. She was entirely helpless and almost lifeless. In a semi-conscious state she lay in bed day after day, uttering a low, pitiful cry. She could not feed herself nor make known her wants; could not make a sound except to cry. She appeared to recognize her mother only.

Next week promises to be a hummer in the way of amusement at the opera house. Manager Hamilton has secured for his patrons the greatest fan-makers of America—the Butlers, who have a national reputation as being the greatest provokers of laughter on the stage. Their show is one continuous act of laughing incidents and funny scenes from start to finish. They come highly recommended and will no doubt attract large crowds at their performances. Ladies will be admitted free Monday night. Seats now on sale at Ray's.

H. A. Margolin of Paris, who was arrested at Cincinnati Thursday for passing a lot of bogus checks bearing his father's name, must face prosecution without the sympathy of his wealthy parent. The victims telegraphed the elder Margolin and he wired back that he had not authorized his son to sign checks. This he followed with a letter, saying: "I have discarded him from my home and family a long time ago. Should there be any way you can put him through for forgery, it will be a blessing to me, as I have been annoyed often by him forging my name."

BETTER THAN SPANKING.

Spanking does not cure children of urine difficulties. If it did there would be few children that would do it. There is a constitutional cause for this. Mrs. M. Summers, Box 408, Notre Dame, Ind., will send her home treatment to any mother. She asks no money. Write her to-day if your children trouble you in this way. Don't blame the child. The chances are it can't help it.

WINTER'S WHITE PALACE,

MAYSVILLE, KY

KEEPS 'EM MOVING.

The Old Man, as a Last Resort, Moves His Bed into the Parlor and Prepares to Undress.

There are in Maysville several stern parents who, as discouragers of Cupid, have heretofore seemed the limit. Their daughters can sympathize with this poor girl who lives in a distant city. In telling of her sad state she says:

"Father gets uneasy the moment he hears the bell ring and he peers over the stair railing to see who it is.

"When I am asking a caller to be seated one can hear him upstairs saying: 'O that's Mr. So and So. What's he doing here. Can't he find another place where there is light and warmth?'

"Before 9 o'clock he shouts out: 'It's late,' and keeps it up. Leaning over the railing or lying in bed he will keep repeating: 'It's late.'

"If this does not drive off the caller he will come downstairs and walk into the room and turn off the gas, leaving my company sitting with me in the darkness. If I turn the gas on he turns it off again.

"Turning off the gas usually discourages me, but if I persist in entertaining after that he rolls his bed into the parlor and prepares to undress. This is too much for any one, and I have to bid my caller good-night."

SUDDENLY STRICKEN.

Judge Leigh W. Robertson Taken Suddenly Ill While Conducting a Case in the Circuit Court.

Judge Leigh Robertson was suddenly stricken shortly before noon yesterday while making a speech in the Circuit Court, and for a time his condition was extremely critical.

He has been ill for about two years, suffering from anemia, and within the last week or two has felt worse than usual.

It was against the advice of his physician and friends that he ventured out yesterday, and it is the opinion that he should not have attempted to argue the case in which he was engaged.

The Court and attorneys present noticed his faltering voice, but before anything could be done he suddenly collapsed.

Medical aid was quickly summoned and he was conveyed to his home on West Third street in a carriage.

News from his bedside this morning is encouraging, but the Judge is still in a most critical condition.

Prof. E. A. Fox, General Secretary of the Kentucky Sunday School Association, will give a stereopicon lecture at the First M. E. Church, South, on Monday evening, December 12th. The views are of points of interest in and about the Holy Land.

ECONOMY

Is invariably the result when in buying eatables you buy the best. Never buy anything to eat when not good because it looks cheap. It is dear at any price. In these days of adulteration and low priced foods it becomes the duty of every one to scan closely what he buys and reject everything of a suspicious character. In order to be on the safe side always buy of the experienced dealer who knows the good from the bad and who will not handle impure and poisonous goods. I am now opening an unusually large and most attractive stock of high grade goods for the fall and winter trade.

New Crop New Orleans Molasses

direct from the plantation to the consumer. No better made. FINEST SORGHUM ever sold in Maysville. The only trouble is in getting as much of it as I can sell. My stock of CANNED GOODS is immense—bought direct from the packers. When prices were very much lower than they are now I bought heavily of Green Coffee and am in position to name very attractive prices on either green or roasted goods. I get in each week a supply of freshly roasted goods from the roasting house in New York where I have my Coffee for roasting stored, and can sell you better Coffee at 15, 20 and 25 cents than others sell at 20, 25 and 30 cents. My stock of Tea—green and black is always full and complete.

PERFECTION FLOUR

is the finest flour sold in Maysville. In fact it has no superior anywhere. My stock of Apples, Oranges, Lemons, Bananas, Figs, Citron, Orange and Lemon Peel, Dates, Raisins, Almonds, Mince Meat and Plum Pudding, Prunes, Buckwheat Flour, Maple Syrup, White Clover Honey, Cereals of all kinds, Hominy, Beans &c. of the very best. Ladenburger's Crab Cider, Baltimore Oysters in bulk and cans, Celery, Cranberries, Poultry and Game, in fact everything good to eat of the very best. Look out for my holiday special and when you come to our city you are specially invited to make my house your headquarters. Remember, I buy all kinds of country produce such as Butter, Eggs, Poultry, Game &c. Will buy one hundred extra cured old Country Hams in weight from ten to fifteen pounds each.

Our readers have no excuse for going astray. The way is almost fenced with guide-posts in Maysville. They are on every highway and byway. "He who runs may read." Investigate this example:

Mr. Henry Bertram, boots and shoes, of 225 Market street, says: "The great value of Doan's Kidney Pills are quickly proven. I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market street. In a very short time I was cured of backache which had troubled me for some time. I gave some to a friend who suffered greatly from kidney ailments and he said the results obtained from their use proved that Doan's Kidney Pills are a preparation which possesses remarkable value."
